Tasting Notes

A by-the-book, character-true interpretation of Rheingau Riesling and the quality level Kabinett. This year's "KABINETT ROYAL" is as rich as ever. Just the right thing with the acidity in the 2017 vintage being particularly well-integrated. This is a straight-forward Riesling, succulent, fresh and practically irresistible.

Vintage 2017

2017 was a year full of challenges. Mid-April brought on several days of late frost leading to the first damages in our vineyards. At the beginning of August a devastating storm ravaged vineyards throughout the area. Strong winds tore branches from the vines. Hail knocked many bunches of grapes completely off and the remaining bruised ones were subject to rot. We were forced to begin the harvest much earlier than we would have liked. Thanks to our well-trained harvesting staff and strict selection of the grapes, we were able to bring in a small yield but one of superb quality.

Vinification

The grape harvest ran from the end of September to the end of October. To guarantee wines defined by delicate fruit flavors, we followed an intensive process of poor quality grape removal in the vineyards before harvest. Back at the winery, the grapes were then gently pressed. The fermentation of the wine took place solely in cooled stainless-steel tanks, bringing out the freshness and fruitiness of the wines.

Prinz von Hessen

The wine estate, located in the town of Johannisberg in the small German wine-growing region of the Rheingau, is one of the most significant Riesling producers in Germany. International and domestic recognition reflects the excellence in quality of the wines and sparkling wines. Prinz von Hessen's Riesling grapes flourish in some of the best vineyard sites the Rheingau has to offer, amongst them Klaus in the town of Johannisberg, and Hasensprung and Jesuitengarten in Winkel. 95% of the cultivation is devoted to the Riesling grape.
